AFTERNOON BEACH FISHING & ACTIVITIES

Imagine your team on the beach in the afternoon, some are learning to fish with a private fishing guide, others are playing cricket and the rest are enjoying some great food and cold beer from your own small marquee.

As the fish are being caught your bbq chef is putting them straight on the grill, ready to devour with a neat slice of lemon. The smells of your early dinner cooking on the bbq mixed with the smells of the clean ocean air ensures everyone is relaxed and happy.
